

ORCA - LARGE LED FLOODLIGHT

The Orca is one of the brightest industrial luminaires available worldwide. With an unmatched lumen output of more than 110.000 lumen, the Orca is a trustworthy powerhouse. This floodlight is often used in construction cranes, large excavation sites and industrial sites.

- High Performance LED's
- Integral temperature monitoring device
- Corrosion-resistant aluminum housing
- High thermal conductivity
- A number of electrical protections
- Vibration resistance
- Waterproof, IP69K
- Impact resistance, IK10

OR156 800AC

Power : 800W
 Light output : 111.300 lm
 Efficiency : 139 lm/W
 Voltage : 90-305VAC /
 180-528VAC

OR156 800DC

Power : 800W
 Light output : 100.200 lm
 Efficiency : 125 lm/W
 Voltage : 24V (20-35V)

Construction Crane Bracket

The demand for this product came from the largest towercrane rental in the Netherlands. As their lighting partner we looked at the current situation and sought a simplified and universal way to mount and aim the lights. This resulted in the DCbright crane bracket. The bracket ensures that the lamps can be transported easily, hung in place quickly and have good light distribution at different heights.

Crane bracket specifications

Material	5 mm, hot dip galvanized steel
Bracket weight	52 kg
Bracket + lamp weight	82.6 kg
Warranty	5 years

Eight of these crane brackets fit together on a single euro pallet for transportation, fits with our power distribution unit.

Our Orca is often combined with our universal construction crane bracket

OR156 Specifications

IP-rating : IP69K
 Expected life span : 145 000 hours, L80B10
 Light angle adjustment : +/- 240° in 30° steps

Weight and packaging

Lamp weight : 18.2 kg
 Bracket weight : 2.9 kg
 Gross weight : 22.7 kg
 Product dimension : 515 x 440 x 95 mm
 Packaging dimension : 570 x 505 x 165 mm

Available options

Light angles : 14° - 38° - 70° - 14x46°
 Light beam colour : 6500K - 4000K - 2700K - 2200K
