JEL Products B.V., Ampèrestraat 19E, 3861 NC Nijkerk, the Netherlands. Chamber of Commerce 98987615. Version 1.0, 22 September 2026.

JEL Products B.V. hereby declares the following.

1. We do not supply goods or services to persons, organisations, vessels or countries listed on the sanctions lists of the European Union, nor to parties we know or can reasonably suspect to act as intermediaries for them.
2. Deliveries outside the European Union are screened in advance against the applicable EU sanctions regulations and, where relevant, the sanctions rules of the United Kingdom and the United States.
3. Our products are industrial lighting luminaires and accessories. To the best of our knowledge they are not listed in Annex I of Regulation (EU) 2021/821 (dual-use items) and are not subject to an export licence requirement. We verify this whenever the product range or the regulations change.
4. On request we provide the Combined Nomenclature (CN) code and the country of origin per article, as stated on the order confirmation and invoice.
5. Our suppliers are required to confirm that they comply with the same sanctions rules, and we do not source from suppliers that are sanctioned or owned or controlled by sanctioned parties.
6. Should our position on any of these points change, we will inform the customers with whom we have a current agreement.
