

RoHS, REACH and WEEE Statement

JEL Products B.V., Ampèrestraat 19E, 3861 NC Nijkerk, the Netherlands. Chamber of Commerce 98987615. Version 1.0, 22 September 2026.

This statement covers the LED luminaires and accessories supplied by JEL Products B.V. in the product groups floodlights (Orca, Snapper, Snapper HC, Shark, Barracuda, Marlin, Piranha, Goby, Goby Mini), DarkLicht area floodlights (DarkLicht S, M, D, Mini, WP), Linear, Manta Canopy Light and the associated drivers, brackets and connection units.

RoHS

The products listed comply with Directive 2011/65/EU (RoHS 2) as amended by Delegated Directive (EU) 2015/863 and do not contain the restricted substances above the permitted maximum concentrations, except for applications exempted under Annex III of the Directive. This statement is based on the declarations of conformity and material declarations of our component suppliers, which are available on request.

REACH

To the best of our knowledge the products listed do not contain substances of very high concern (SVHC) from the candidate list under Regulation (EC) 1907/2006 in a concentration above 0.1 percent by weight per article. We monitor updates of the candidate list and will inform our customers in accordance with Article 33 of the Regulation should any constituent exceed that threshold.

WEEE

The products listed fall under Directive 2012/19/EU and are marked with the crossed-out wheeled bin symbol. JEL Products B.V. takes back end-of-life luminaires of its own supply for responsible processing. JEL Products B.V. is registered as a producer with Stichting OPEN, the Dutch producer responsibility organisation for waste electrical and electronic equipment, under relation number RL00039366.

Batteries and packaging

The products contain no batteries unless stated otherwise per article. Packaging complies with Directive 94/62/EC.
